

SHIP TO SHORE CRUISE PARTY

JANUARY 25

Oak Harbor was the scene of Gifford Youth Achievement Center's cruise-themed fundraiser, which featured a fun "silent disco" — a phenomenon new to some participants. The evening also included an impressive speech, "A Student's View," from GYAC seventh grader Jordan McPherson and a surprise appearance by Indian River Charter High School's Theatre Troupe, which performed a compilation of Broadway hits. One of the many highlights of the evening was an announcement by Scott Alexander of Northern Trust, who has served as the honorary chair of the Dream Weaver Campaign: "We are arriving at our final destination with the news that the \$7.4 million goal has been achieved and the Dream Weavers Capital Campaign has officially ended!"

In a silent disco, the music is broadcast via headsets that glow in different colors according to dancers' music selections.
