

FLICK ON THE FIELD

GIFFORD YOUTH ACHIEVEMENT CENTER

Gifford Youth Achievement Center and the Indian River County Parks and Recreation department celebrated Black History Month in February with a free outdoor movie on Wilson/Chisolm Field at the Victor Hart Sr. Enhancement Complex. The featured film was the first mainstream Black superhero movie, "Black Panther." Social distancing was practiced, and guests enjoyed dinner from the Saussie Pig. The outdoor movie wasn't the only creative way GYAC honored Black History Month; the entire center was transformed into a history lesson with decorated doors depicting stories of African American achievers known locally and around the world. Also, GYAC students dressed in character for an educational "Who Am I" program.
